The motor vehicles of the one State permitted to ply on such route, have, therefore, to pass through the small enclaves in the other State to complete the whole journey.

Under the second proviso of Section 88(1) of the Act, it has been provided that where both the starting point and the terminal point of a route are situated within the same State, but part of such route lies in any other State and the length of such part does not exceed **sixteen** kilometers, the permit shall be valid in other State in respect of that part of the route which is in that other State, notwithstanding that such permit has not been countersigned by the State Transport Authority or the Regional Transport Authority, as the case may be, of the respective State.

In view of this specific provision of the law, countersignature of the permits of vehicles, availing corridor facility shall not be necessary, but such permits, for purpose of taxes shall be treated at par with permits which are duly countersigned and shall be allowed on single point taxation basis.

Whenever, the permits are granted by the Transport Authority of reciprocating State to operate the vehicle on corridor routes of other State, such permits shall be clearly endorsed by the issuing authority that countersignature of permit is not required under the second proviso to sub-section (1) of Section 88 of the Act. The Motor Vehicle Tax or Special Road Tax, as the case may be, shall be recovered by the concerned State for the portion falling in its area as per their Taxation Act and Rules.
